SELF ASSESSMENT GUIDE

Qualification:	AGRICULTURAL MACHINERY OPERATION NC II		
Certificate of Competency (COC 1):	Operate agricultural small production machinery and equipment		
Instruction:			
<ul style="list-style-type: none"> Read each question and check the appropriate column to indicate your answer. 			
Can I?	YES	NO	
<ul style="list-style-type: none"> Assess existing land condition in terms of moisture content, terrain, vegetation and soil texture* 			
<ul style="list-style-type: none"> Assess crop conditions in terms of age and weed/pest infestation * 			
<ul style="list-style-type: none"> Select appropriate agricultural machineries according to condition of land and crop * 			
<ul style="list-style-type: none"> Prepare agricultural machineries, tools and materials, components and attachments (implements/accessories) for operations * 			
<ul style="list-style-type: none"> Operate agricultural machineries according to operator's manual * 			
<ul style="list-style-type: none"> ➤ Check and/or adjust agricultural machineries, attachments (implements/accessories), machine components in accordance with job requirements and/or manufacturer's manual * 			
<ul style="list-style-type: none"> ➤ Transfer or transport agricultural machineries from storage to work area * 			
<ul style="list-style-type: none"> ➤ Select and wear appropriate Personal Protective Equipment for machinery operation * 			
<ul style="list-style-type: none"> ➤ Identify and correct malfunctions, if any, in accordance with operator's manual * 			
<ul style="list-style-type: none"> ➤ Assess machine performances according to set standards/client's specification * 			
<ul style="list-style-type: none"> ➤ Observe safe and healthy work practices according to work safety and health standards, and enterprise requirements * 			
<ul style="list-style-type: none"> Perform post-operation activities 			
<ul style="list-style-type: none"> ➤ Practice waste management before and after operation activities according to environmental regulations * 			
<ul style="list-style-type: none"> ➤ Perform basic preventive maintenance of machineries and engines prior to storage, according to manufacturer's manual 			
<ul style="list-style-type: none"> ➤ Maintain cleanliness of machinery storage area * 			

➤ Prepare machine operation records according to enterprise format or as prescribed by machinery owner *		
I agree to undertake assessment with the knowledge that information gathered will only be used for professional development purposes and can only be accessed by concerned assessment personnel and my manager/supervisor.
